

20 December 2020

To all Seasons residents and families

Update to visiting arrangements for people from Greater Sydney and Central Coast NSW

As you have probably seen on the media in recent days (and particularly this morning), the Queensland Government has introduced restrictions on people entering Queensland from greater Sydney and Central Coast NSW.

This means that people entering Queensland from NSW since 1am Friday 11 December should get a COVID test and quarantine in their home or accommodation until they receive a negative result. Anyone who is already in Queensland that has been in Greater Sydney or the Central Coast of NSW since 1am Friday 11 December should also be tested and quarantine in their home or accommodation until they receive a negative result.

If this situation applies to you or any of your family/visitors we need to know as soon as possible so we can make the necessary arrangements for you to be tested and/or quarantined.

Thank you to everyone for assisting with this situation; hopefully it will be resolved soon.

Please continue to practice social distancing and use the hand sanitiser provided regularly, especially before eating and drinking.

If you require any further information, please contact your Community Manager or email me on health@seasonsagedcare.com.au.

Yours sincerely

Tracey Silvester
