To all Seasons Bribie Island, Kallangur and Mango Hill residents and families

Update to visiting arrangements

In great news for everyone, the Chief Health Officer has today announced a relaxation of the restrictions to the visitors to aged care services across the greater Brisbane area.

As a result, we will be able to fully resume visiting to our communities from tomorrow 25 September 2020.

The hours will return to the same they were prior to the current round of restrictions. Please check with your Community Manager if you aren't sure what they are as they do vary from community to community but there will be no restriction to the length of time visitors can stay.

We will also resume our bus service to the shops etc from next week. Again, the actual arrangements for this will vary from community to community.

As always, if you are going out take a mask with you and use it if you can't stay physically distanced from other people. Keep your hand sanitiser close by at all times and use it!

Thank you again to all our residents and their families who have been so patient and accepting of the restrictions as they have stood for the last month or so. I look forward to seeing you again as I start my next round of visits.

If you require any further information, please contact your Community Manager or email me on health@seasonsagedcare.com.au.

Yours sincerely

Tracey Silvester
CEO
